## **Specific Directions for Entering the SEASON FOR NONVIOLENCE ESSAY CONTEST - 2010**

The World Health Organization (WHO) recognizes interpersonal violence in our communities and throughout the world as a major problem with costs in the United States estimated at \$300 billion per year. The cost to victims was estimated at more than \$500 billion per year. Combined, this is the equivalent to nearly 10% of our country's Gross Domestic Product (GDP)(*The Economic Dimensions of Interpersonal Violence, WHO, 2004*). It is both a national and international challenge for people to resolve conflicts peacefully. It is this challenge that motivates the Citizens for Peace to sponsor this essay contest. We are happy to have you join us in this effort.
