CLINICAL SOCIOLOGY REVIEW

Volume 3, 1985

Clinical Sociology Review is published annually by Brunner/Mazel, Inc., in association with the Clinical Sociology Association.

Clinical Sociology Review publishes articles, essays, and research reports concerned with the clinical uses of sociological theory, methods, or findings, or which demonstrate how clinical practice at the individual, small group, large organization, institutional or social system level contributes to the development of theory. Articles in the *Review* are generally expected to be relevant to intervention at some level.

Teaching Notes discuss specific educational practices, while **Practice Notes** present demonstrations and discussions of practice issues. Book reviews cover current literature of interest to clinical sociologists. Manuscripts will be reviewed both for merit and for relevance to the special interests of the *Review*.

Manuscript Submissions should follow the American Sociological Association style guidelines, and should include an abstract. There is a \$10.00 processing fee, which is waived for members of the Clinical Sociology Association. Send four copies of the manuscript to: David J. Kallen, Editor, Clinical Sociology Review, Department of Pediatrics/Human Development, Michigan State University, East Lansing, MI 48824; (517) 353-0709.

Books for consideration for review in *Clinical Sociology Review* and unsolicited book reviews should be sent directly to the book review editor: Howard Rebach, 225 West College Avenue, Salisbury, MD 21801.

Subscription Inquiries should be sent to the publisher: Brunner/Mazel, Inc., 19 Union Square West, New York, NY 10003. Single copies of Volume 3 are \$22.50 in hardback and \$15.00 in paperback.

Membership and other inquiries about the Clinical Sociology Association should be directed to: Adrian Tiemann, Executive Officer, Clinical Sociology Association, 4 Wilburn Avenue, Atherton, CA 94205.
