# From the Editor...

Welcome to the second installment for this year. Inside you will find five articles that are well written on a variety of topics that are current and vital to our industry. Take a look and see if you can find something you can use. My guess is that you can.

Here is some good news concerning the Spring 2006 issue. John Kent, associate professor of logistics and transportation at Missouri State University, has agreed to serve as Special Edition Editor. The issue will focus on motor carrier topics, including technology issues, driver retention/recruitment, hours of service, security, NAFTA, etc. If you have a manuscript that is appropriate for this special issue, send it directly to John at the following address:
