HUMAN BIOLOGY is published six times a year by Wayne State University Press. Advance subscription rates—for *institutions*: \$64.00 for one year, \$113.00 for two years, \$155.00 for three years; for *individuals*: \$42.00 for one year, \$72.00 for two years, \$110.00 for three years. ALL CHECKS SHOULD BE MADE PAYABLE TO WAYNE STATE UNIVERSITY PRESS. Foreign checks must be payable in U.S. funds from a prime U.S. bank, covering all bank charges and at no expense to us. Canadian and foreign subscribers, please add \$2.00 per year for postage and handling.

Volume 51 (1979) through Volume 57 (1985) are available from Wayne State University Press at \$8.00 plus .50¢ per issue for postage except for the following which are out of print: Volumes 53/1 and 53/3. Volumes 1 through 50 may be purchased from Kraus-Thomson Organization, Ltd., Route 100, Millwood, New York 10456.

Subscribers should notify the publishers of change of address at least four weeks before publication of the issue with which the change is to take effect. No claim for non-receipt of an issue will be entertained unless made immediately upon receipt of the next succeeding issue.

Manuscripts should be addressed to Dr. Gabriel W. Lasker, Department of Anatomy, Wayne State University, School of Medicine, 540 East Canfield Street, Detroit, Michigan 48201. Books for review should be sent to Dr. Michael A. Little, Department of Anthropology, S.U.N.Y. at Binghamton, Binghamton, N.Y. 13901.

Membership in the *Human Biology Council* is open to persons engaged in scholarly research in the human biological disciplines. Membership dues including subscription to the journal are \$30.00. Student membership (limited to a maximum of three years) is \$18.00. Supporting members pay \$40.00. Benefactors pay \$100.00 or more. Applications should be made to the Secretary, Dr. Christine E. Cronk, Nesbitt College, Drexel University, 32nd & Chestnut Streets, Philadelphia, Pennsylvania 19104.

## JOIN THE HUMAN BIOLOGY COUNCIL

The Human Biology Council is an international, non-profit organization formed in 1974. The by-laws of the Council are published in *Human Biology*, Vol. 48, No. 3, 1976. The objectives of the Human Biology Council are to

**promote** research and teaching in human biology and related fields,  
**encourage** communication and utilization of the results obtained from such research,  
**stimulate** discussions among human biologists concerning common goals and problems,  
**aid** in the training of persons engaged in scholarly research in the human biological disciplines.

### Who are the members?

Currently, there are about 450 members from the human biological disciplines such as physical anthropology, medicine, dentistry, public health, genetics, nutrition, and related professions. A list of the Human Biology Council members appears in *Human Biology*, Vol. 52, No. 2, 1980

### What are the kinds of membership?

All members receive *Human Biology* and can attend annual meetings free of charge.

**Fellows:** Those with a demonstrated competence in research or teaching of human biology or with a doctoral degree in an appropriate field. Fellows pay annual dues and have all the privileges of membership.

**Student members:** Those who are registered as full-time students in a human biological discipline at an accredited college or university. Student members pay reduced annual dues and have the privileges of membership but they are not eligible to vote or hold office.

**Subscribing members:** Those with an interest in the human biological disciplines who do not qualify for other categories of membership. Subscribing members pay annual dues at the regular rate but are not eligible to vote or hold office.

**Supporting members and benefactors:** Those individuals, corporations, or institutions who support the Human Biology Council on invitation by the Executive Committee. Supporting members and benefactors are not eligible to vote or hold office unless they are also Fellows.

### Why should you join?

If your scientific interests relate to any of the human biological disciplines you should join the Human Biology Council. As a member you will receive the following benefits:

membership in a group of scientists involved in areas of interest to you

receipt of *Human Biology* each quarter

an increased opportunity to maintain the high scientific quality of *Human Biology* by participation in the review process and by submission or solicitation of appropriate manuscripts

free attendance at annual meetings

opportunities to share ideas with colleagues

notification of sponsored teaching activities
