CLINICAL SOCIOLOGY REVIEW

Volume 13, 1995

Sociological Practice Association

KENDALL/HUNT PUBLISHING COMPANY
4050 Westmark Drive Dubuque, Iowa 52002

The *Clinical Sociology Review* is published annually by Kendall Hunt, Inc., in association with the Sociological Practice Association, a professional organization of clinical and applied sociologists. Abstracts of all articles appear in *Sociological Abstracts* and selected abstracts appear in *Social Work Research and Abstracts*.

Clinical sociology is the creation of new systems as well as the intervention in existing systems for purposes of assessment and/or change. Clinical sociologists are humanistic scientists who are multi-disciplinary in approach. They engage in planned social change efforts by focusing on one system level (e.g. interpersonal small group, organization, community, international), but they do so from a sociological frame of reference.

Clinical Sociology Review publishes articles, essays, and research reports concerned with clinical uses of sociological theory, findings, or methods, which demonstrate how clinical practice at the individual, small group, large organization, or social system level contributes to the development of theory, or how theory may be used to bring about change. Articles may also be oriented to the teaching of clinical sociology. Shorter articles discussing teaching techniques or practice concepts may be submitted to the Teaching Notes Section or Practice Notes Section. Manuscripts will be reviewed both for merit and for relevance to the special interest of the *Review*. Full length manuscripts should be submitted to the Editor, W. David Watts, Vice President for Academic Affairs, Jacksonville State University, 700 Pelham Road N, Jacksonville, Alabama 36265; (205) 782-5540.

Manuscript submissions should follow the latest American Sociological Association style guidelines, including reference citation style, and should include an abstract. Suggested length for full length manuscripts is 20 pages double spaced, and for Teaching or Practice Notes, eight pages double spaced. There is a \$15.00 processing fee which is waived for members of the Sociological Practice Association. Send four copies of the manuscript to the appropriate editor. Final copies of manuscripts should be sent on an IBM compatible disk, either in ASCII or a standard word processor text.

Books for consideration for review in the *Clinical Sociology Review* should be sent directly to the book review editor: Harry Cohen, Department of Sociology, Iowa State University, Ames, IA 50011; (515) 294-3591.

Subscription and membership inquiries about the Sociological Practice Association should be sent directly to the Treasurer: Mary Cay Sengstock, 21502 Wedgewood Ave., Grosse Point Woods, MI 48236; (313) 331-0453 or (313) 577-2287.
